

**Sustainable Thornbury says  
Go MAD and join us in making a  
difference to climate change.  
We believe that lots of small  
changes add up to a big impact.**

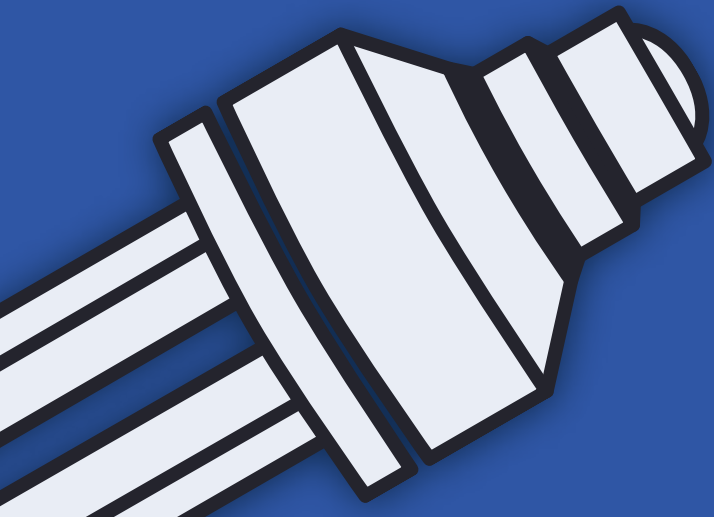

**Will you help your community by saving  
energy - you'll be saving money too!**

Sustainable Thornbury is a group of interested residents of Thornbury and its surrounding villages who want to ensure that we and our children continue to have a good place to live.

Over the winter and spring of 2006-07 we are providing local people with information and help to reduce the amount of energy they use in the home. Look out for articles in the local press and in the Thornbury Magazine. We are running monthly prize competitions from October 2006 until May 2007 - entry is for anyone who has made a change which reduces their energy use.

We are also working with particular households to do an **energy audit** and then make the changes needed to improve their energy rating. If you would like to find out more, telephone us on **01454 416778** or email
